

# Organise a Gift Swap

**Why not organise a Christmas gift swap? Save Money & Reuse**

**Bring people together during the festive season. Add an element of surprise and excitement as participants exchange presents.**

## **Regift**

We all have those presents that we just aren't that keen on. Why not pass your unloved gift to someone who might enjoy it more, and you might receive something more suited to you.

## **Book Swap**

Perfect for those avid readers, gift your favourite read of the year. Package it with a beautiful book mark, and a gift card for coffee or tea.

## **Accessories Swap**

Organise friends/colleagues to do an accessories swap. Everyone brings a few "like-new" accessories such as bags, scarves, jewellery, etc. You can swap as many items as the number you brought.

## **Recipe Exchange**

Ask everyone to bring their favourite recipe to share, plus a basket full of the ingredients needed to make it.

**Remember -Reduce, Reuse, Recycle!**
