Organise a
Christmas Jumper Swap

The perfect time to gather friends, family, and community members for a fun and festive event like a Christmas jumper swap. Not only is it an excellent way to refresh your wardrobe with a new-to-you festive jumper, but it also promotes sustainability by reducing waste.

Set the date in plenty of time before Christmas festivities begin.

Advertise your SWAP Day through social media, spread the word.

Publicise drop off dates for jumpers.

All jumpers must be clean and in good condition.

Hand out tokens which can be exchanged for a jumper (additional jumpers can also be donated).

Sort jumpers into sizes.

On day of SWAP exchange tokens for a "new to you" jumper.

Publicise how many jumpers you have saved through the Swap Shop.

Donate any leftover jumpers or keep for next year's Swap Shop.

Remember - Reduce, Reuse, Recycle!
